

## Environmental Policy

L R HELICOPTERS INC. is committed to conducting all phases of its operations while protecting the environment. It is the duty and responsibility of each employee, contractor, visitor, agent and affiliate to ensure that each of L R HELICOPTERS INC.'s business activities is carried out in a manner consistent with this Policy.

L R HELICOPTERS INC. shall:

- Comply with all applicable regulations and standards
- Conserve resources, reduce consumption and prevent pollution where ever possible to reduce environmental impact of operations
- Continually improve their environmental performance

L R HELICOPTERS INC. will assess the potential effects of their projects and operations, and plan their activities to prevent or reduce risks to the environment.

All spills and leaks of any chemical must be reported immediately to the SMS Coordinator or the Operations Manager. Spill material shall be handled in accordance with company waste management guidelines. The company Emergency Responses Plan shall detail any environmental emergency procedures. All drums and containers must be labeled legally and accurately including the date, content of container, and generator's name. Any substandard conditions shall be corrected in a timely manner.

All shipping of hazardous materials shall be done in compliance with Transportation of Dangerous Goods regulations.

***At no time shall any L R HELICOPTERS INC. company policy in any company manual take precedence over applicable government legislation, with which all workers should be familiar.***

Luca Ribetti

Accountable Executive / Operations Manager
